CONSTRUCCIÓN DE MAQUINARIA INDUSTRIAL

PALLETISER Nº2

Made by: Comaco

Model: PD 700 UL-Number 0202

Made Date: 1977

Diameter(mm)

Max : Ø99mm,Ø83mm,Ø73mm

Min : Ø65mm,Ø52mm

Can's height

Max : 200mm.

Min : 30mm.

Production

4 layers/min

Height-full pallet

Max : 1500 mm

Min :

Pallet dimensions

Max : 1 420x1120 mm.

Min :

Elements not included

Security system

Automatic cardboard-sheets introducer

Elements included

Conveyors: entrance chain conveyor (for pallets) and exit roller conveyor by motor.

Pallet magazine: 9 pallets

Cardboard magazine: Manual feeding

Technical characteristics

PLC : No

Inverter: No frequency inverter

Motors: BONFIGLIORI

Pneumatic components and electric elements: Festo

Relays: OMRON H3 CR/H3 BA(4)

Voltage: 3x220v

Notes

A pushing central system by chains introduces the new pallet

System to make the pattern by a retractable plate
